AMARAVATI, TUESDAY, DECEMBER 13, 2022

G.3232

In the G.O. 1st read above, Govt. have issued A.P. Food Processing Policy, 2020-25 with an aim to develop Secondary Food Processing Centres (Common Facility Integrated Production Centres) in each Parliamentary constituency which would be operated under plug & play model. A.P. Food Processing Society (APFPS) has been nominated as nodal agency for development of necessary infrastructure for secondary food processing centres (Common Facility Integrated Production Centres) and for the implementation of AP Food Processing Policy 2020-25.

NOTIFICATIONS BY GOVERNMENT

2. In the reference 2nd read above, the CEO, APFPS has stated that Govt., would establish the requisite Secondary Food Processing Centres (Common Facility Integrated Production Centres) across the state in 26 Parliamentary constituencies/Districts based on the raw material availability, which would act as a HUB. APFPS aims at creation of Secondary Food Processing Centres (Common Facility Integrated Production Centres) with modern infrastructure, meeting global standards in areas of Food Processing, Horticulture, Dairy, Agriculture and Aqua products. MSME's/PPC/FPO/Markfed/RBK in the cluster would supply the raw material to the selected O&M partner (reputed MNCs/Private companies) at a Minimum Support Price (MSP) fixed by competent Authority / GoAP from time to time (in case the Market Price Falls below MSP). These MSME's/PPC/FPO/ RBKs will act as spokes in the said cluster, thereby creating an end to end MSME ecosystem throughout the state.

3. Government of Andhra Pradesh or Andhra Pradesh Food Processing Society will not bear any operating expenses or costs. All the operating expenses and costs like salaries, logistics, raw material purchases, supply chain network, power, taxes, water usage, licensing expenses etc., shall solely be borne by the selected O&M partner (MNCs/ Reputed Companies/Project implementation Agencies) pursuant to the bid process. GoAP will bear only the risk on establishment of these centres i.e., CAPEX part and monitoring the units at regular intervals. These unit(s) shall be given on a long term lease for a block period of 15 years to the reputed agency(s) on a fixed fee towards lease amount payable to the government on Monthly / Quarterly / Annual basis pursuant to the selection process during the RFP stage.
